

Ahmad Burkan

I'm a Software Engineer and have very recently completed my B.A in Information Technology (July 2021). In addition to my degree, I'm currently participating in a hands-on, Full Stack Web development course.

I'm interested in joining an exciting company for my first deployment in the tech industry. I am particularly interested in acting as a Full-Stack Engineer, working with advanced Web Development technologies. I love developing engaging UI for rich web-apps, as well as devising complex functionalities in the back-end.

I'm experienced with React & Redux, React-Native, Node.JS, ASP.NET, Git and SQL databases (MySQL, Oracle DB).
I'm a team player and would love to join a team that I could contribute to.

Education

BA, Information Technology (IT) <i>Palestine Ahliya University, Bethlehem</i>	Sep 2017 - Jul 2021
HackerU - Full Stack Web Development <i>HackerU, Ramat Gan</i>	Jun 2021 - Present
